

WELCOME!

Welcome to the 2006 ISSCC Digest CD. For the second year, this CD is a result of the many requests we have received over the past years for Conference-time search-ability. A second CD, which will include the Visuals Supplement, will be mailed as usual, in May.

This early CD is designed so that you may access the Digest in various ways: for example, using the "Browse By" link to reach several pop-down menus, the Table of Contents link to access papers directly, etc.

I wish to acknowledge the technical work by Dan Gerken and MIRA Digital Publishing in the production of this CD using the basic Digest data provided by Steve Bonney of S3 Digital Publishing.

We hope you enjoy this ISSCC product!

Enjoy!
